Part 4:

Cecilia: When I was a kid, I was often given ready-made or junk food when I was at home, although I don't want to blame my parents. Since then, I try to eat at restaurants as much as possible. The food at the restaurant is not very diverse but for me that is not a problem. What matters to me when going out to eat is who you go with. I often eat with colleagues or close friends when I get off work, it's very fun

Benigno: I used to often go to the most fashionable and luxurious restaurants to eat. However, now, I'm back to being a student and my finances won't stretch that far. Therefore, I often cook for myself and watch recipes and cooking methods on the internet. That helps me to be able to focus on my studies without losing concentration.

Gloria: Going to a restaurant is for the social atmosphere and I am not bothered to eat alone either. What's important to me is the variety of dishes. Therefore, I eat at as many places as possible even though they are a bit pricey. That's why I joined the cooking club, where I can learn many new recipes and also meet many friends.

Alon: I don't understand why so many people want to find many different recipes for one dish. I know clearly what I like and I eat exactly that food. My dad is a good cook, he knows what ingredients I don't like to eat, which obviously are a lot. I love being home and eating with my family.
