## Part 4:

A: I feel very lucky to have this park here. My family and I often go to the park because of the natural landscape here. It's different from the city, which is very busy and full of dust. Unfortunately, I am away this weekend so I cannot help with the cleaning. However, I know my brother and his friends will be very interested in this cleanup so I will ask them if they can help.

B: I'm a very busy person and I have to spend this weekend with my family because I only have the weekend as free time. I think young people who don't have families should help. Besides, students and schools also have days off on weekends. I think this volunteering will be very helpful for students' future careers.

C: I think this volunteering is a good idea but it doesn't have a long-term vision. When volunteers clean up the park, it will be clean, but it will become busy again after about a month when tourist season arrives. I think we should clean this park regularly about once a month. Surrounding areas such as the lake and local forest should also be cleaned up. Visitors should also have signs telling visitors to clean up their trash. I am very upset when I see a lot of trash on both sides of the road.

D: My family and I often spend time at the park. My children love going to the park and they find the park a very interesting place to visit. My son has a dream of becoming a biologist so I think cleaning up this park will be very helpful for my son. I think we should pique children's interest in cleaning. They will be more willing to volunteer and help others.
